

1957 INDEX

A

	Month	Page
"Accurate Weighing—Key to More Profit"	Aug.	29
Agricultural Engineering, Impact of Farm Chemicals on	Nov.	42
"Agricultural Policy Rumbblings"	April	49
Agricultural Pilot, Some Facts and Figures on the	Oct.	44
"American Phytopathological Society Meeting"	Jan.	45
Amino Triazole, Herbicidal Effect of	Jan.	50
Ammoniators, Ribbon	Jan.	68
"Ammonium Nitrate Safety Hazard"	July	11
Application Equipment, Future, for Farm Chemicals	Nov.	38
Application Methods for Fertilizer Along Highways	July	48

B

Bagging Fertilizer at F. W. Tunnell & Co.	Aug.	42
Beal, Dr. George M. and Bohlen, Dr. Joe M.—"What Motivates Growers to Buy More Pesticides"	Oct.	35
"Big Year for Legislation Affecting Pesticides"	Sept.	47
"Bill Introduced to Exempt Truck Fertilizer Shipments from ICC Regulation"	April	68
Bohlen, Dr. Joe M. and Beal, Dr. George M.—"What Motivates Growers to Buy More Pesticides"	Oct.	35
"Bright Outlook for Pesticides Predicted at Annual CACA Meeting"	Nov.	41
Brosier, James S.—"Post Harvest Disease Control of Fruits and Vegetables"	Sept.	53
Buying Power of the Farmer	Sept.	48

C

"California Fertilizer Assn. Convention"	Jan.	57
"California Fertilizer Association Convenes in San Francisco"	Dec.	51
California Fertilizer Conference (followup)	June	43
"Calspray's First Fifty Years"	March	50
Canadian Agr. Chemicals Assn. Meeting (followup)	Nov.	41
Cartwright, C. O.—"Demonstrations: Research Plots to a Selling Tool"	May	50
"Changing Farm Policy"	June	54
Chemical Specialties Manufacturers Association Insecticide Division Meeting	Jan.	53
Releases Results of Insecticide Survey	July	6
"Chemists Study New Methods at Purdue"	July	20
Coleman, Russell—"NPFI Reveals Plans for the South"	Dec.	36
Consumption of Fertilizers in the U. S., 1955-56, Preliminary Report	Feb.	53
Consumption of Fertilizers and Plant Nutrients in the U. S., 1955-56	July	50
Consumption of Fertilizer, Non-Farm	Oct.	41
Consumption Figures for 1955-56, a Second Look at	July	70
Cotton Defoliant, Folex Is a New	Sept.	42
Cotton Insect Control Demonstration	Nov.	45
Credit, Men and Money Panel Discussion	April	53
Crammatte, Florence; Scholl, Walter; Fox, Esther I. and Wallace, Hilda M.—"1955-56 Fertilizer Consumption in the U. S." (Preliminary Report)	Feb.	53

Month Page

—, "1955-56 Fertilizer and Plant Nutrient Consumption in the U. S."	July	50
Crolius, Peter C.—"Fertilization Application Methods for Highway Use"	July	48
—, "Ohio Pesticide Institute"	Sept.	50
—, "Successful Switch to Liquid Fertilizers"	Nov.	46

D

"Davison's New Liquid Fertilizer Plant"	June	8
Defoliant, Folex Is a New Cotton	Sept.	42
"Demonstrations: Research Plots to a Selling Tool"	May	50
Disease Control of Fruits and Vegetables, Post Harvest	Sept.	52
"Dress Up Your Drums"	April	45

E

EPTC, An Experimental Herbicide	Feb.	44
Eddy, C. O.—"Pesticide Potential of the New Roadbuilding Program"	June	44
"Engineered for Efficiency"	Aug.	53
Engineering, the Impact of Farm Chemicals on Agricultural	Nov.	42
Equipment, Future Application	Nov.	38
Equipment, Mobile Plant, Safety with	Aug.	32
"Expansion Programs Being Pushed in Mexico"	April	56
"Exploring the Fertilizer Market"	June	41

F

Farm Chemicals' Impact on Agricultural Engineering	Nov.	42
"Farm Market, The"	Sept.	48
Farm Policy Is Changing	June	54
Farm Policy, New, and Future Markets	Dec.	41
"Federal Agencies Endorse Gypsy Moth Spraying"	June	55
"Fertilization Application Methods for Highway Use"	July	48
Fertilizer Consumption in the U. S., 1955-56, Preliminary Report	Feb.	53
Fertilizer and Plant Nutrient Consumption in the U. S., 1955-56	July	50
"Fertilizer: The Farmer's Best Buy"	June	56
Fertilizer Industry Round Table (followup)	Dec.	42
Fertilizer, Liquid, Measurement of	Jan.	46
Fertilizer Outlook for the Roadbuilding Program Part I	May	43
Part II	June	46
Fertilizer Round Table (advance)	Oct.	20
Fertilizer Section, National Safety Congress	Oct.	43
"Fertilizer Situation for 1956-57"	Aug.	44
"Fertilizer Survey Should Aid NPFI and the Industry in Mapping Future"	Nov.	43
Fertilizer Usage, Non-Farm	Oct.	41
Fertilizer Usage in 1954, A Second Look At	May	52
Fertilizers and Chemicals, Increased Use Predicted for 1957	March	68
